Professional Summary

Highly motivated Computer Science Engineering student, Punjab Top-20 rank holder, and Python package developer with hands-on experience in Artificial Intelligence, Machine Learning, Deep Learning, Computer Vision, and Full-Stack Development. Currently serving as Technical Lead Engineer (Part-time) at THE QUANTUM VEDA. Published open-source Python packages on PyPI and passionate about solving real-world problems using data-driven approaches.

Technical Skills

Programming: Python, Java, C/C++ (Basic), SQL, JavaScript, TypeScript

AI/ML/DL: Machine Learning, Deep Learning, CNNs, RNNs, LSTMs, Transformers, Artificial Neural Networks, Transfer Learning, Computer Vision, Natural Language Processing (NLP), Feature Engineering, Model Evaluation, Hyperparameter Tuning

Python Libraries: NumPy, Pandas, SciPy, Statsmodels, Scikit-learn, Matplotlib, Seaborn, Plotly, Bokeh, OpenCV, Pillow, ImageIO, PyTorch, Torchvision, Torchaudio, TensorFlow, Keras, XGBoost, LightGBM, CatBoost, NLTK, spaCy, Transformers, Hugging Face Datasets, Requests, BeautifulSoup, Selenium, Flask, FastAPI, Streamlit, Gradio, Jupyter Notebook, JupyterLab, IPython, mlplt, stattools-anannya

Web Development: Flask, Node.js, Express.js, HTML, CSS

Android Development: Java, XML, Android SDK

Tools: Git, GitHub, VS Code, Docker, Linux, Excel

Creative Tools: Adobe Photoshop, Illustrator, Firefly, Adobe Express

Experience

Technical Lead Engineer (Part-time) — THE QUANTUM VEDA

Apr 2026 – Present

- Leading AI/ML, Deep Learning, Computer Vision, and software engineering initiatives.
- Developing Python-based solutions using PyTorch, TensorFlow, OpenCV, and modern ML libraries.
- Mentoring teams, architecting scalable systems, and driving technical strategy.

Internship Trainee — National Institute of Electronics and Information Technology (NIELIT), Punjab

Jan 2026 – Present

- Working on AI/ML-based systems and data-driven problem solving.
- Gaining practical exposure to real-world model development and implementation.
- Strengthening skills in Python, data processing, and algorithm optimization.

Internship Trainee — Indian Institute of Technology (IIT) Ropar

Jan 2026 – Present

- Engaged in technical training focused on Artificial Intelligence and Machine Learning.
- Applied theoretical concepts to real-world scenarios and problem-solving tasks.
- Collaborated on assignments involving data handling and model logic.

Creative Tools Intern — SkillUp Online (Creative Skills Academy)

Dec 2025 – Jan 2026

- Completed an 8-week hands-on internship in Adobe creative tools.
- Worked on real-world design projects using Photoshop, Illustrator, and Firefly.
- Developed understanding of AI-powered creative workflows and UI/UX basics.

Android Developer Intern — Excellence Technology, Chandigarh

Jun 2025 – Aug 2025

- Developed multiple Android applications using Java and XML.
- Built user-friendly interfaces and implemented backend logic.
- Improved app performance and responsiveness through optimization techniques.

Open Source Projects

stattools-anannya – Published Python package for statistical analysis and reusable data science workflows.

mlplt – Published Python package for machine learning visualization and plotting utilities.

Education

Diploma in Computer Science and Engineering

Chandigarh College of Engineering and Technology

Expected Graduation: August 2026

Achievement: Punjab Top-20 Rank Holder

Class X

Kendriya Vidyalaya, Mullanpur

Certifications

- ISC2 Cybersecurity Candidate (2026–2027)
- AI for Business Professionals – HP LIFE
- Python Essentials 1 & 2 – Cisco
- AIML Certification – NIELIT & IIT Ropar (In Progress)
- Adobe Creative Skills Internship Certification

Achievements

- 1st Prize – National-Level Hackathon
- Top 20 – National Hackathon
- 1st Prize – UI/UX Design Competition
- 3rd Prize – Interstate Tech Startup Challenge
- Manak INSPIRE Award Winner
- 1st Prize – State-Level Science and Technology Competition
- First Prize – Design Dynasty, TechZeal 2026
