

EDUCATION

- ✓ DAV PUBLIC SCHOOL UNA
- 12th
- 2021
- ✓ central for development of advance computing ( C- DAC)
- DIPLOMA
- 2023
- ✓ HIMACHAL PRADESH UNIVERSITY
- BSC COMPUTER SCIENCE
- 2024
- ✓ CHANDIGARH UNIVERSITY
- MBA (HR+ IT)
- 2026

PROJECTS

- ✓ EMPLOYEE MANAGEMENT SYSTEM
- Employee Management System is to manage employee records efficiently, reduce paperwork, and make employee data handling faster, easier, and more secure.
- ✓ ATTENDANCE MANAGEMENT SYSTEM
- The main objective of this project is to develop a simple Employee Management System that helps manage employee records efficiently, reduce paperwork, automate data handling, and provide quick access to employee information.
- ✓ EMPLOYEE SALARY PREDICTION
- The main objective of this project is to develop a Machine Learning-based web application that predicts employee salary using factors like Years of Experience, Education Level, Age, and Skills Score through Multiple Linear Regression for accurate and efficient salary estimation.
- ✓ ATTENDANCE ALERT
- Attendance Alert System is to monitor employee/student attendance and automatically send alerts for low attendance, improving attendance tracking, accuracy, and communication efficiency.
- ✓ AI DOCTOR RECOMMENDED
- AI Doctor Recommendation System is to develop an intelligent system that recommends suitable doctors to patients based on symptoms, specialization, and medical needs, helping users receive faster and more accurate healthcare guidance.
- ✓ CCTV MOTION DETECTION
- A smart CCTV Motion Detection System automatically starts recording and detects movement only when a person or object appears in front of the camera.

CERTIFICATE AND INTERNSHIP

- Python Essentials – Cisco Networking Academy (certified)
- NIELIT – IIT Ropar | AI/ML Intern (January 2026 – june 2026)
- Worked on Artificial Intelligence and Machine Learning concepts in an academic research environment.
  - Applied Python-based techniques for data analysis and introductory machine learning model development.
  - Gained exposure to research-oriented workflows, experimentation, and structured problem-solving methodologies.

ANSHITA SHARMA

Contact

- Water supply near shiv mandir ward no. 6 MAL AHAT
- 7018982514
- sharmaanshita58a@gmail.com
- <https://github.com/Anshita-sharma27>

Skills

- Programming Languages: Python,
- Machine Learning & AI: Machine Learning Basics, Deep Learning, Computer Vision, NLP, Data Analysis
- Data Analytics: NumPy, Pandas, Matplotlib, EDA, Statistical Analysis
- Web Technologies: HTML, CSS, JavaScript, Bootstrap, Flask
- Core CS Concepts: Data Structures, Object oriented programming , Problem Solving
- Tools & Platforms:-
- MS Office (Word, Excel, PowerPoint)
- Google Colab
- Git & GitHub
- VS Code
- Soft Skills:-
- Problem Solving
- Analytical Thinking
- Team Collaboration
- Communication Skills
- Quick Learning Ability

Language

- ✓ Hindi
- ✓ English
